

*Awnings were first used by ancient Egyptians & Syrians. They were woven mats that shaded market stalls and homes.*

Are you looking for a design solution that lowers your cooling costs and adds curb appeal to your home? Custom Awnings are a great way to increase the energy efficiency of your home while adding character and style. We built and installed these awnings on a home in Coosawatee River Resort in North Georgia. The awnings are finished with cedar shake and white trim to give the look as if they had always been there.

*Here's a few things that custom awnings can do for you.*

- control glare.
- reduce cooling costs by 8 - 15%
- add charm & interest to the exterior of your home.
- protect furniture, interior walls, and floor coverings from fading.

*Think awnings are for you? Contact us for a free consultation!*
